!! A MUST FOR THE COLLECTOR !!

HOW YOU CAN MAKE BIG PROFITS  
INVESTING IN COINS

Harry J. Forman

Includes chapters devoted to foreign, ancient, Canadian and Odd and Curious coins. Hard-cover, regular book size, 160 pages: \$7 — includes postage and handling.

Here, for the first time, is a numismatic investment guide actually written by a professional who earns his entire living (and a very good one) practising what he preaches. It covers every aspect of American numismatics and includes discussions also of foreign and ancient coins. Mr. Forman analyzes each area in detail, showing its past earnings and potential for future profits. He tells how, in numismatics, there are always big profits to be made if one simply knows when and what to buy and sell. His discussion is not merely general or theoretical, but actually pinpoints dozens of blue-chip items which, in his opinion, are bound to show substantial profits, even over a comparatively short-term period. A detailed examination is also made of the silver and gold markets and their predictable effects on the value of U. S. and foreign coins. Even the sophisticated investor will find in these sections much food for thought as the author reveals many little known though highly significant facts about the state of our bullion reserves, market manipulations and much more.

"An honest, knowledgeable look at THE WAY IT WAS, THE WAY IT IS, and how to make money on THE WAY IT'S GOING TO BE . . ." John Kamin, publisher of THE FORECASTER.

"A MUST FOR EVERY COIN INVESTOR OR WOULD-BE COIN INVESTOR . . ." Q. David Bowers, numismatic contributor to ENCYCLOPEDIA AMERICANA and COIN WORLD, editor of the RARE COIN REVIEW.

"ONE OF THE FEW BOOKS WHICH WILL FIND A DESERVING PLACE AT THE HAND OF BOTH INVESTORS AND COLLECTORS . . ." Clifford Mishler, numismatic editor, NUMISMATIC NEWS WEEKLY, COINS MAGAZINE, COIN PRICES.

"Harry Forman's INVESTING IN COINS is proof of the pudding — that investment in knowledge pays dividends! . . ." Margo Russell, editor, COIN WORLD.
